

2026 CAMINO MARATHON *IV EDITION*

OASIS TRAILS ON THE CAMINO DE SANTIAGO

Oasis Trails is a small community along the Camino de Santiago in the rural north of Spain. We are a community of believers who reach out to pilgrims, those walking the Camino. Through hospitality we connect with people and have opportunity to share Jesus with the pilgrims who often walk searching for deep life purposes. If hungry, we invite them into our community for discipleship, and from time to time, we get to see them turn to Jesus as their Lord and Savior.

COMMUNITY AND VOLUNTEERS

Our community is made up of volunteers who help the permanent staff team in carrying out the tasks that come with running the Albergue (pilgrim hostel). We also welcome short-term visitors and have had people come to stay longer for discipleship and mentoring. People bring their gifts and a beautiful exchange happens, where people learn and receive while using their gifts as a blessing to the community! Together with people from various countries, generations and backgrounds, this makes Oasis Trails a unique group where we radically pursue the lifestyle that Jesus calls us into: A life of making disciples by doing life together.

"HOME AWAY FROM HOME"

The monastery was acquired in 2020 with the vision of becoming the hub of this community, actually a hub for discipleship. This will be a place of living together with spiritual rhythms for all to join in and be launched from, and to be a place of discipleship as we do life together. The property has 4 floors, and the ground floor has been finished this year. We are currently obtaining the official paperwork to use the ground floor for our gatherings and activities as a community of believers.

OVERVIEW OF THE PAST YEARS

We have come a long way since we first saw the monastery in 2017. And we are committed to seeing it to come to completion! Let me take you back where we have come from: 2017–2026.

2017– First Visit

2020– Acquisition

2022– Start renovation

2023– Continued renovation with new company

2025– Finishing of ground floor including terrace

2026– Furnishing and using the ground floor

WHAT'S NEXT?

Annemieke, Jan and Abel hope to be able to move in as a first family, making their living quarters temporarily on the ground floor. (They are actually asked to leave their rental house in Luquin, so this would be a natural and necessary next step.) Up next is the renovation of the first floor, where we hope to create a more permanent living space for us as well as another household and 3 visitor studios!

With a renovated next floor we can achieve 2 things:

First: In these apartments we can welcome seekers who are hungry for Jesus into a household of believers! We envision discipleship in the context of communal living.

Second: We can welcome and accommodate for the growing interest in people wanting to visit and join our community and its rhythms. As the visitors participate financially as well, these visitor studios would provide an income which in turn would also support future renovations of the last floors.

WHAT IS AHEAD OF US?

Renovation of the 2nd floor will cost around 540.000€
I will provide a breakdown.
